

## AEREAULIC - CONDITIONING

### AIR HANDLING UNITS

**DE 75:** specific detergent for mixed soils, usable on all surfaces.

**Dermat 110:** detergent for greasy soil or smog deposits and for the cleaning of lamellar packs in mechanical workshops dirty with oily substances.

**DE Foam:** energetic detergent for the removal of strong smog contamination from external suction nozzles.

**Biosan Glutal Air:** radical sanitizing to suppress strong contamination in adiabatic humidifiers.

### FAN COIL – SPLIT

**Format Spray:** spray cleaner for cleaning lamellar packs and raceways.

**Stream Igienic:** sanitizing product for lamellar packs and raceways. Also available in spray format.

**Format:** concentrated liquid detergent suitable for the cleaning of fan coils installed in industries or large communities.

**Biosan Bac:** concentrated sanitizer to be used on fan coils installed in industries or large communities.

**Kem Tabs:** sanitizing tablets for ducts and drains, anti-legionella.

### COOLING LAMINAR PACKS

**Format Gel:** gel detergent to be diluted in water for periodic cleaning operations.

**Descal Light:** descaling detergent for the removal of inorganic deposits.

**Metaldec Al 2:** descaler for the removal of silica-based deposits.

### REFRIGERATION UNITS

**Descal Light:** descaler multi-metal liquid.

**Descalit:** powder descaler multi-metal concentrated

**Dermat 110:** detergent for cleaning and external greasing of the machine.

### WATER TREATMENT

**Forkal Plus:** descaling, sludge remaking, anti-corrosive for closed circuits.

**Forkal Tower:** descaling, anticorrosive for open circuits (cooling towers and evaporative).

**Biosan Antialghe Special:** sanitizing agent for water used in biodispersent towers.

**Biosan Antislime:** non-oxidizing radical sanitizing agent for water used in towers.

### PRODUCTS FOR WORKING AND MAINTENANCE

**Seven Plus:** quick release available both liquid and spray.

**Seven Spray:** lubricating, releasing, protective, dewatering.

**Detector:** leak detector in spray format.

**Lubro Cut (series):** oils of various nature and viscosity for threading and tapping.

**Kempersolv 60:** non-flammable odorless solvent of safety.

### HANDWASH

**Nuvis:** liquid industrial handwash.

**Nuvis White:** gel handwash, solvent-free, with micro-balls, pumpable.

**Nuvis Red:** gel handwash, with microspheres, pumpable.
