

## CARPENTRIES

### ANTI-ADHESIVE FOR WELDING

**Bisolfilm Spray:** dry anti-adhesive lubricant based on molybdenum bisulphide..

**Weld-Weld Ready-Weld Spray::** splash-proof for water-soluble weldings free of solvents and silicones.

**Weld S Spray:** anti-splash for welds, free for symbols

**Weld Ceramic Spray:** ceramic anti-adhesive for welding torches and laser cutting, high strength and long life.

### DETERGENTS

**De Foam:** detergent for low and high pressure applications.

**Dermat 110:** universal detergent for manual applications.

**Format Rapid:** detergent / solvent without rinsing.

### PICKLING

**Metaldec Gel:** pickling gel for welding on AISI 304-316 stainless steel

**Metaldec liquid:** liquid pickling agent for stainless steel AISI 304-316

**Metaldec Al / Al 2:** pickling agents for aluminum.

**Metaldec Cu:** high efficiency pickling agent for copper, bronze and brass.

**Descal Rust P:** pickling agents for ferrous metals.

### PROTECTIVE AND PAINTS

**Pronex Oil - Light:** oily, bulk and spray protective, with dewatering action.

**Pronex Red:** Water soluble antioxidant.

**Pronex Wax:** series of waxy protectors, both loose and spray.

**Kempro Rapid:** fast drying anti-rust primer.

**Kempro FZ:** anti-rust primer based on zinc phosphates.

**Kempro Zinco:** cold galvanizing, both loose and spray.

**Kempro Steel Spray:** protective resin for stainless steel coatings.

**Kempro Gold Spray:** gold-like protective resin.

**Kempro Lux Spray:** chemical chromium plating.

**Kempro Term 300:** aluminum enamel for high temperatures.

### OILS FOR MACHINING

**Lubro Cut:** oils for tapping and threading, various viscosities, both loose and spray.

**Lubro Semisint Q / S:** multi-functional emulsifiable lubrocoolers semi-synthetic, even for hard water.

**Lubro Min:** emulsifiable mineral lubricant.

**Lubro Sint FL:** high performance synthetic emulsifiable lubricant.

**Lubro Sint:** synthetic fluid for grinding operations.

### PAINT STRIPPERS

**Kempertrip Gel:** gelatinous paint stripper.

**Kemperstrip A:** paint stripper for spray guns and airbrushes.

**Kemperstrip D:** cold liquid paint stripper.

**Kemperstrip P:** hot stripping agent for ferrous metals without Dichloromethane.

### SPECIALITY

**Seven Plus:** quick release both loose and spray.

**Kemfloc:** complete range for water treatment of spray booths.

**Desorb:** series of products for absorption of the spills

### HANDWASH

**Nuvis Green:** gel with microspheres, without solvents

**Nuvis White:** gel with microspheres, without solvents.

**Nuvis Pasta Bianca:** hand-washing paste with softening action.

**Nuvis:** concentrated industrial liquid handwash.

### DEGREASERS

**Kempersolv 42:** odorless, rapidly evaporating solvent, chlorine-free.

**Kempersolv 60/73:** odorless solvents with controlled evaporation, free from chlorinated.

**Kempersolv PM:** controlled evaporative safety solvent, practically odorless, non-flammable,

without hazard labeling, with low environmental impact.
