

RUBBER and PLASTIC

RELEASING AGENT

Dimet S: silicone release agent in liquid form.

Dimet Spray (series): silicone spray release agents with various viscosities, also in non-flammable version.

Dimet A: liquid silicone release agent miscible in water, solvent-free.

Desint: non-silicone release agent that can be diluted in water.

Desint Spray: release agent non-silicone spray.

Desint SP: permanent silicone release agent, available both loose and spray.

Desint G: specific release agent for rubber molding, available both loose and spray.

COOLING SYSTEMS

Forkal Tower: antiscaling additive for cooling towers.

Forkal Plus: antiscalant with a sludge remaking action, corrosion inhibitor for closed circuits.

Biosan Antislime: product for the disgregation of the organic slime in the tower.

Biosan Algae Special: biodispersent sanitizing agent for towers.

Antifreez: concentrated antifreeze.

Antifreez Eco: concentrated antifreeze with low toxicity.

PROTECTIVE

Pronex Oil: oily protective both liquid and spray.

Pronex Oil Light: oily protective with dewatering action.

Pronex Wax: Protective waxy concentrate.

Pronex Wax P: waxy protective ready to use.

Pronex Wax Spray: protective waxy spray..

DESCALERS

Descal Light: descaling concentrated liquid, safe with its optimal inhibition.

Descalit: descaler concentrated in powder, safe also on aluminum, available in version with color change.

DETERGENTS / DEGREASERS

Derkemp Tool: detergent for machines and plants.

Derkemp CH: multi-purpose concentrated detergent.

Dermat 110: non-caustic degreasing detergent.

DE Foam: detergent for floors, carts and systems.

Kempersolv 42: odorless solvent medium / fast evaporation, free of chlorinated. MILPRF680A specification (type 1).

Kempersolv 60: odorless solvent with controlled evaporation, free of chlorinated. Specifies MIL PRF 680 (type 1).

Kempersolv 73: odorless evaporative solvent controlled, free of chlorinated with excellent penetrating power.

HANDWASH

Nuvis: liquid industrial handwash.

Nuvis White: gel with microspheres, solvent-free, pumpable.

Nuvis Red: gel with microspheres with high degreasing power, pumpable.
