

## **DERKEMP CH +**

**Multi-purpose industrial concentrated detergent**

### **FEATURES**

**DERKEMP CH +** degreases and thoroughly cleans machine tools, fixed metal structures, floors and walls, window frames, tiled, painted, lacquered, plasticized surfaces and any other washable surface.

**DERKEMP CH +** is a low-foam product, extremely versatile, easy to use and safe for operators.

### **APPLICATIONS**

#### **MECHANICAL INDUSTRY, CHEMISTRY AND NAVAL.**

Contains antioxidant additives that have the function of preventing the formation of rust on ferrous metal pieces that have been treated with the product solution.

#### **FOOD INDUSTRY, WORKSHOPS, COMMUNITY.**

Eliminates carbon and fat residues from the mechanical parts of equipment for food production, such as cooking ovens, bottling plants, vegetable processing and tin production. Great for walls, tiles, concrete and rubber floors, engines and engine parts, extraction hoods, ventilation systems and air exchange pipes.

### **CHEMICAL/PHYSICAL DATA**

Aspect: straw yellow liquid

Density: 1.20 +/- 0.05 Kg/Lt

PH: 11 +/- 0.1

Flammability: NOT flammable

### **HOW TO USE**

**DERKEMP CH +** can be diluted in hot or cold water at concentrations from 0.5 to 15%, depending on the type of dirt to be removed. After preparing the most suitable dilution, apply the product by steam spraying or using a low pressure compressed air gun. Wait a few minutes, then pass the treated surface with rags and rinse with preferably warm water jets.
